

11 October 2017

Dear Parent

Now that your child has entered Year 11 and is studying for GCSE examinations a new set of challenges are faced. I have no doubt that you are keen to provide support to help your child meet these challenges but as a school we are aware that changes in GCSE Assessment methods have left many parents uncertain about the nature of the courses our students study.

In order to provide you with an overview of what is involved I would like to invite you to a **Year 11 Parents Information Evening** in the College on **Tuesday 24 October 2017**.

There will be brief information sessions regarding the nature of the Senior School curriculum, the modular GCSE examinations system, controlled assessment and the support available to our students during this challenging time. The event will begin at 7.00 pm and should last no longer than one hour. I hope you will be able to attend.

Yours sincerely

Shane Hughes
Head of Senior School
